

Design A. Sattin

Libreria componibile autoportante dalla linea basica composta da elementi a colonna e ripiani in MDF. Gli elementi a colonna sono strutturali e a questi i ripiani si fissano ad incastro mediante delle fresature, senza necessità di alcun tipo di ferramenta. E' anche possibile montare le colonne a muro orizzontalmente dando vita a differenti soluzioni compositive. L'estrema semplicità di montaggio e l'ampia gamma di colori laccati opachi e lucidi disponibili sono i suoi punti di forza.

Finiture
Laccato Opaco

51 Giallo zinco / 53 Arancio puro / 54 Rosso pomodoro / 27 Rosso rubino / 56 Lilla rosato / 58 Turchese pastello / 50 Bianco segnale / 19 Bianco puro / 23 Grigio alluminio / 60 Grigio antracite / 28 Marrone grigio / 24 Nero intenso

Takebook is a self standing, configurable MDF bookshelf requires no hardware assembly. The shelves slide into slits cut into the structural columns, which can be pulled apart or drawn together. The columns can also be attached horizontally to walls to create different compositions. The shelves and columns are available in a wide range of shiny and mat colors.

Finishings
Matt Lacquered

51 zinc Yellow / 53 pure Orange / 54 tomato Red / 27 ruby Red / 56 red Lilac / 58 pastel Turquoise / 50 signal White / 19 pure White / 23 aluminium Grey / 60 anthracite Grey / 28 grey Brown / 24 jet Black
